

Daniel Age: 9

Daniel is a mischievous little guy, but he has a heart of gold! He is very active & loves to play outside. Some of Daniel's favorite activities include swimming, feeding ducks at the park, playing football and playing basketball. He hopes to play for the Steelers when he gets older. Daniel loves to play games on the tablet. Daniel loves to sing & uses music as a way to calm himself down when needed. He has a phenomenal memory. Daniel's favorite foods are chocolate pudding & ice cream.

Daniel has experienced a significant amount of loss & trauma in his short life. He has three younger siblings who are being adopted together. Daniel needs a family who would be committed to maintaining their sibling relationship. Daniel tends to connect quickly with father figures but takes longer to bond with females. He would be thrilled to have a dad who could teach him how to play the guitar! Daniel is open to attending church & would like a home with pets. He requires a great deal of supervision around younger children but could be placed with older kids.
