

Nicholas Age: 14

Nick is a typical teen in many ways. He loves to swim, draw & play video games. He loves football – especially the Steelers– and hopes to one day become a wide receiver in the NFL. Nick does well in school. His favorite subject is science because he enjoys doing new experiments. He gets good grades & has even been Student of the Month! He would love to travel to Florida to swim in the ocean. Nick's favorite food is mac & cheese.

Nick needs a family who will see past his history and give him a fresh start towards a brighter future. He would like a mom & dad and wouldn't mind a few brothers around his age. As a family, he would enjoy spending time outdoors – fishing, hunting & camping are some of his favorite activities! Nick hopes to find a family who lives in the country and attends church. He does well with animals & would even be open to living on a farm.
